Minnesota 4-H is the largest youth development program in the state, serving over 40,000 young people every year. We offer out-of-school, hands-on learning opportunities across Minnesota for youth in kindergarten through one year post-high school.

Local 4-H youth showcased their learning at the Minnesota State Fair, Minnesota State 4-H Horse Show, Minnesota State 4-H Dog Show, and Minnesota State 4-H Shooting Sports and Wildlife Invitational.

Throughout the year, 4-H youth select project areas that reflect personal areas of interest and pursue hands-on learning in both self-directed and guided environments. The results of their learning are exhibited at county fairs and other showcase events across the state and for some, culminates by exhibiting their learning at a state showcase event.

Exhibiting project work and delivering public presentations at state events provides youth an opportunity to showcase their achievements and continue learning through interactive conference judging with project.

Local 4-Hers had a successful State Fair with numerous youth showcasing their projects.

For full results, please see the link https://z.umn.edu/BECStateFair
